

## METAL STORAGE DRAWERS (durham)

Durham offers the only complete line of Scoop Compartment Boxes. Automated production facilities, plus exclusive design features, result in unparalleled quality and strength. Manufactured of prime cold rolled steel and finished in rust and acid resistant baked enamel. Durham small (DS) compartment boxes have high impact plastic inserts.

The inserts have rounded scoops, making it easy to remove small parts. The use of pure resin insures that the inserts keep their original color even with heavy use. All models have covers designed to stay open making it easy to access parts and read cover labels. All models also have handles and are available with or without positive, pull-down catches.

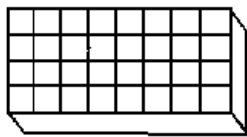

Durham's large (DL) Scoop Compartment Boxes are produced using the same high quality construction as the small boxes.

## SLIDE RACKS FOR METAL DRAWERS

Durham's Small (SR) Racks are designed to hold small scoop compartment boxes. They are manufactured of prime cold rolled steel and finished in rust and acid resistant baked enamel. All parts, including cradles which support scoop boxes, and coated slides and tracks, are tooled for quality and uniformity. A center panel on each cradle keeps boxes from falling through, and special stops prevent units from being accidentally pulled from the rack. Racks are reinforced for strength and support loaded boxes in the open position without tilting.

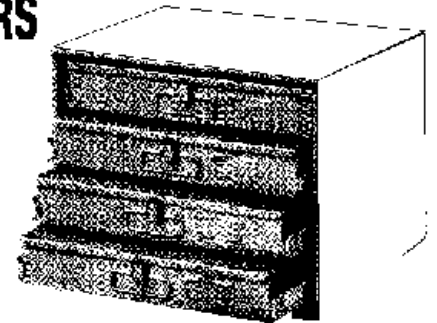

**SMALL SERIES**  
2 DRAWER CAPACITY p/n 2SR \$57.15 ea  
4 DRAWER CAPACITY p/n 4SR \$60.52 ea  
6 DRAWER CAPACITY p/n 6SR \$85.12 ea

**LARGE SERIES**  
2 DRAWER CAPACITY p/n 2LR \$62.90 ea  
4 DRAWER CAPACITY p/n 4LR \$78.32 ea

**Note: drawers are not included in slide rack pricing.**

Durham's Large (LR) Racks for large scoop compartment boxes are produced using the same high quality construction as the small racks.

A specially designed Triple-Track space saver model has telescoping tracks which allows stacking on 12" bins and drawer cabinets (not shown).
