

PLASTIC (polypropylene) STORAGE BOXES by durham

Durham Plastic Compartment Boxes are ideal for organizing, storing and protecting a wide variety of small parts. Four different configurations allow a wide selection of compartment sizes and shapes to fit just about every need.

Manufactured of high strength, oil resistant polypropylene, Durham Boxes are furnished with heavy duty reinforced hinges that have a special feature which allows the cover to remain in the semi-open position. Each cover is designed to overlap on all sides of the box, fitting snugly against a shelf-like ridge. This results in extra protection against dirt, dust and moisture. Two snap latches assure secure closure. These boxes are available in transparent and opaque yellow models and they are stackable.

Durham's Large (LP) Plastic Compartment Boxes differ from SP's only in size, the number of internal configurations and the availability of rounded scoop shaped compartments for the easy removal of parts.

LPR & SPR Racks

The removable handle is offset to hold the boxes securely in place while being carried. An optional locking bar is offered to hold boxes in place in a moving vehicle. Padlock not provided.

The SPR[®] is manufactured of cold rolled steel and finished in durable gray baked enamel. The unit holds 5 SP plastic compartment boxes to create a compact and efficient small parts storage system. The versatile rack has been designed for three way use. Key hole slots are furnished for wall mounting. A handle is provided for portability. Bolt holes permit secure stackability.

The Durham racks will accept the Flambeau boxes as noted: SPR accepts the M600 series. LPR accepts the M800 series.

The LPR Rack[®] is identical to the SPR Rack except for its larger size. The unit holds 5 LP Plastic Compartment Boxes to create a compact and efficient small parts storage system. It is manufactured of cold rolled steel and finished in durable gray baked enamel. Key hole slots are furnished for wall mounting. A handle is provided for portability. Bolt holes permit secure stackability.

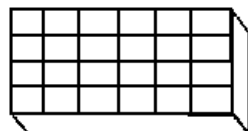

Series SP (small) compartment boxes \$4.51 ea
Series LP (large) compartment boxes \$5.66 ea

SP boxes are 11" x 1 3/4" x 6 3/4"
