18 mm Inox (stainless steel) nut with new wrench size
To comply completely with the high stability and safety requirements placed on our unions, we have increased the wall thickness of the 18mm stainless steel nuts. The width across flats therefore changes from 27 to 30 mm. In addition, we have modified the manufacturing process so that the nuts are now no longer extrusion-pressed but rather turned. The articles affected by this change are listed in the table below.

Verteiler: ***SERTO Marketing*** *Alexandra Kuhn*
SERTO Beschaffung *Sandra Keck*
SERTO Eingangskontrolle *Roman Hanselmann, Max Sandmeier*

Programme: ***- SERTO Stainless steel***

Article no.	NEW drawing version	SERTO description	Drawing number
056.0200.180	AJ / AK	Connecting nut 18	2025585

Modification:
- ***18mm stainless steel connecting nut :***
  - ***Wrench size 27 to 30mm, dimensions adjusted***
  - ***Weight corrected***

Implementation date: - ***Next order***
